

Dear Mr.President Lipnjak,

Dear Mr.Vice-president Zarna,

Dear all FIFTA members,

The executive board of Czech FT Association charged me present to You our official position to actual situation in FIFTA.

- 1) Total abstention of president Lipnjak and vice-president Zarna in explanation to the discussed problems is at most warning!
- 2) The authorities of FIFTA (president and vice-president) must prove legal quorum of Congress 2009 in conformity with Statue Art.12.b., immediately. Because conversely, law is under French and Swiss FTA, presented in their denouncing letter. Especially total number of regular FIFTA members (national associations) and consequently total number of members (nations) with right to vote in that congress 2009 in conformity with Statue Art.7.d. and 12.e.(ii) is important. Presenting of accounting documents can be serious in this case. Clearing up this matter is Your statutory duty!
- 3) It's also thru that FIFTA President didn't respect Statue Art.10.a.(i) and announced the General meeting to the members nine days later! According to our opinion the president had the chance to repair his mistake with using of Statue Art.9. and call an Extraordinary General Meeting in the same date and place. Because we believe to many efforts of Northern Cyprus with organization of Annual General Meeting. The Czech FT Association call for this possibillity, because are many unanswered questions. Namely unexisting FIFTA registration, validity of FIFTA Congress 2009 (vote of president, vice-president, committee directors, newcoming members etc.), unrespect of approved FIFTA Rules in case of bounces and junior age limit (European Championship Juniors a Women in Romania 2009) and others.
- 4) Good name of FIFTA is under threat, as well as holding of World Championship all categories in Istanbul this year. Also negotiation with prospective partners made by Mr.Pastor can be under threat. In the light of this facts also Czech FT Association will be pressured into resignation from FIFTA and making legal proceeding steps.

Mr.President and Mr.Vice-president, we appeal to You! Act quickly in respect of our common interest!

We expect Your serious answer.

With kind regards!

Kamil Kleník

President, Czech FTA
